Mentor Guidelines and Goals – At your first meeting with your mentee, you will need to discuss your mentee’s needs and priorities. These may change as times go on. At the end of your 6-session program, you should have a discussion on the progress of these goals. Some possible ideas for goals are as follows:

1. To feel more comfortable playing up
2. To understand table etiquette and proper behavior
3. To better understand director rulings
4. To explore common conventions
5. To solidify bidding understandings
6. To work on fundamental play of the hand
7. To better understand defensive techniques
8. To better recognize your strengths and receive encouragement
9. Others.....

At the end of each session, you will need to review the results of the game with your mentee using the hand record, the scores from the website and any circled hands that you have identified to review. You should agree to have a review within 24 hours after the game, recognizing that it may not always be possible to stay at the location at the end of the game.

Be prepared to provide feedback to the mentee on any established goals that may be presented to you to work on.

Thank you for your interest and commitment. Have fun and good luck!!

Submit completed form to the Akron Unit 107 Mentor/Mentee Chairman:
